Labour - Daily Rates in 105 L of C Area.

It has been decided to fix maxima and minima rates of wages for unskilled labour employed by all the defence services in 105 L of C Area. The responsibility for fixing these rates has been placed on these H.Q. where a labour committee has been set up. The committee is to be advised by civil authorities.

2. One object of standard rates is to prevent the three defence services competing with each other in the labour market.

3. A list of places in 105 L of C Area in which the defence services are interested is forwarded. Will you please advise maxima and minima daily rates for adult male and female labour and for boy labour, having in mind local and seasonal fluctuations in costs of living throughout the year due to harvests and other causes.

"List "B" to Secretary to the Hon'ble the Resident in Mysore.
